

2019 Global Energy Conference

By the numbers

Save the date for the 18th annual Global Energy Conference
May 20, 2020

The Global Energy Conference (GEC), a top industry event for KPMG, just concluded its 17th annual event. Each year, senior energy executives and luminaries gather to share insights and discuss key issues impacting the industry. This year's event titled "Thriving in an unpredictable world" taught us how to thrive in what has become a volatile, unpredictable energy environment.

19 Countries represented

Over 700 Attendees
