

The future of the front office: Sustaining business growth

Together, KPMG LLP (KPMG) and Microsoft accelerate front office transformation

Transformation and technology for the future

Rapidly evolving customer expectations

Accelerated rate of change

As organizations seek to grow and adapt to the ever-changing digital world, combat market and competitor pressures, and meet the rising expectations of empowered consumers, it is increasingly imperative to become customer-centric and leverage the right technology in the right way in order to guide strategy, operations, and investment decisions.

Demand for a unified interface

Shift from in-person to virtual interaction
